Introducing **Era 100**

SONOS

An icon, remastered

Superb sonic power

Next-gen acoustics bring your music to life with detailed stereo separation and deep bass at any volume.

Minor scale for major versatility

Place this speaker anywhere and everywhere you want to listen. The compact design fits beautifully on your bookshelf, kitchen counter, desk, or nightstand.

No missed connections

With the press of a button, you and your family and friends can stream directly from a paired Bluetooth device.

Unlock new listening possibilities

Connect a turntable, computer, or other audio source using an auxiliary cable and the Sonos Line-In Adapter.

Surround yourself in superior stereo

Experience an even wider soundstage and awe-inspiring sweet spot when you pair two speakers in the same room.

Touch and go

Intuitive touch controls provide quick, screen-free control. Just tap or swipe to play, pause, adjust the volume, and group your Sonos speakers.

Tech Specs

Dual angled tweeters send crisp high frequencies left and right for a rich stereo experience.

Featuring a 25% larger woofer than Sonos One, Era 100 fills the room with clean bass.

Custom waveguides amplify dispersion of sound waves to create a wider soundstage.

A 47% faster processor and new co-neural processor improve performance.
